

step Luna
 Aotearoa NZ Made

-  Stain Resistance
-  Suitable for stairs.
-  Antistatic
-  High Stitch Rating
-  Fade Resistance
-  High Twist Rating

Product Name	8kg Luna
Construction	Hard Twist Cut Pile
Yarn	100% Econyl Regenerated Solution Dyed Nylon
Width	3.66m
Yarn Specification	2 Ply BCF
Gauge	1/8 th Gauge
Yarn weight	64oz
Total Height	14mm
Secondary backing	Woven Polypropylene
Anti-allergenic	Resistant to mould & mildew
Electrical properties	Antistatic
Warranty	15 Years Warranty
Rating	Extra Heavy Duty Residential (Stairs)

Luna Carpet | Aotearoa NZ Made with ECONYL® Regenerated Nylon

Luna is proudly made in Aotearoa New Zealand using Aquafil's ECONYL® solution-dyed nylon, manufactured from regenerated nylon waste and produced using Aquafil's advanced Italian yarn technology. ECONYL® nylon delivers outstanding durability, colour fastness and stain resistance, while significantly reducing environmental impact through a closed-loop regeneration process. Solution dyeing uses no water and minimises chemical use, making Luna a responsible choice for modern New Zealand homes and commercial spaces seeking premium performance with strong environmental credentials.

At the end of its life, the ECONYL® nylon fibre can be recovered, recycled and regenerated into new yarn, supporting a true circular, full-circle flooring solution.

Specifications & Installation Notes

- Must be installed in accordance with AS/NZS 2455.1
- Seam sealer is required on all joins
- Chair mats or protective pads are recommended under chairs with castors to maintain appearance retention
- Pile reversal, shading or watermarking may occur in cut pile carpets and is a natural characteristic, not a manufacturing defect
- Colour, shade and specification variations may occur within normal manufacturing tolerances
- Samples may vary from the final product supplied
- Specifications and materials may change without notice without affecting product performance
